# L.O.L.E.R INSPECTIONS OF HOISTS

L.O.L.E.r stands for the Lifting Operations and Lifting Equipment Regulations, which came into force in 1998. L.O.L.E.r replaced various earlier regulations relating to the use of lifting equipment and was brought in to minimise health and safety risks arising from lifting equipment provided for use at work. A loler inspection and service is carried out periodically on any lifting equipment every 6 months.

## TYPE OF EQUIPMENT INCLUDED IN L.O.L.E.R

- Bath Hoists
- Mobile Hoists
- Ceiling Hoists
- Stand-a-ids
- Electric Baths

B&M Supplies can take care of your L.O.L.E.r testing by providing an efficient and quick service to you, at an extremely competitive price.

With over 20 years experience of dealing with repairs and service of all major manufacturers of hoist and lifting equipment, we will ensure that your equipment is repaired quickly and efficiently in case of a breakdown.
